## LOWER AND UPPER PAGING BANDS AUCTION CORRECTION OF TYPOGRAPHICAL ERROR IN TABLE LISTING FM AND FN CHANNEL BLOCK FREQUENCIES

Report No. AUC-01-40-M (Auction No. 40)

This Public Notice corrects a typographical error regarding the FM and FN channel block frequencies in a table listing licenses available in Auction No. 40.<sup>1</sup> The frequencies for channel blocks FM and FN in the table labeled “152 MHz Lower Bands Paired Paging Channels” on page three of the *Auction No. 40 Procedures Public Notice* are corrected to read as follows FM: 152.645-152.675/157.905-157.935; and FN: 152.675-152.705/157.935-157.965. A revised copy of the 152 MHz Lower Bands Paired Paging Channels table is provided in Attachment A.

The above typographical correction makes the 152 MHz Lower Bands Paired Paging Channels table regarding channel blocks FM and FN consistent with the designations in 47 C.F.R. § 22.561<sup>2</sup> and does not change in any manner the licenses available in Auction No. 40.

For additional information regarding this Public Notice, please contact Jeff Crooks, Auction and Industry Analysis Division, Wireless Telecommunications Bureau, at (202) 418-0660 or Erik Salovaara, Auctions Attorney, Auctions and Industry Analysis Division, Wireless Telecommunications Bureau, at (202) 418-0660.
